Fiscal Note Version – New

Description

Senate File 2384 requires a percentage increase in certain child welfare services equal to the allowable growth percentage increase for school foundation aid. The Bill takes effect in FY 2010.

Assumptions

1. The State school aid allowable growth rate will remain unchanged at 4.0% for FY 2010.
2. The child welfare services provided in FY 2008 will remain the same in FY 2010.
3. The number of children receiving child welfare services in FY 2008 will remain the same in FY 2010.

Fiscal Impact

A 4.0% growth rate will increase expenditures for child welfare services from the State General Fund for FY 2010 by an estimated \$3.8 million and by \$300,000 from federal funds. The increase for FY 2011 will depend on the allowable growth rate set for schools.
